

Shrividya Hegde

Senior AI Data Engineer | Apache Airflow Champion Parsippany, NJ, USA · shrividyahegde222@gmail.com linkedin.com/in/shrividya-hegde-shri-91562365 · github.com/Shrividya · medium.com/@shrihegde

SUMMARY

Senior AI Data Engineer with 10+ years of experience across data engineering, AI/ML, Apache Airflow, and test automation. Apache Airflow Champion and OSS contributor building LLM and RAG pipelines. NJ Women in Data chapter lead.

EXPERIENCE

Astronomer — Senior Software Engineer, Observability

Mar 2022 – Nov 2025 · Bengaluru → Parsippany, NJ

- Sole engineer owning quality & release reliability for Astro Observe; fully owned Airflow 3 regression testing end-to-end, partnering with the Astro Build and Run teams on Airflow 3 adoption
- Developed Airflow DAGs to trigger the release-gating process; set up release gating & sign-off process for the Observability team, driving process improvements and transparency across teams
- Rebuilt the QA automation framework into the Astro release pipeline and built an LLM-powered test log summarizer to speed up debugging
- Designed cloud-native Airflow pipeline frameworks (throughput ↑ 30%) and RAG pipelines with LangChain + ChromaDB (developer productivity ↑ 40%)
- 7 PRs merged to Apache Airflow OSS; awarded Airflow Champion by Astronomer (Jan 2026)

Commonwealth Bank of Australia — Senior Test Automation Engineer

May 2021 – Feb 2022 · Sydney, AU

- 95% test coverage for Core Payments microservices; awarded Best Partner

Tata Consultancy Services — IT Analyst / Software Engineer

Jun 2014 – Apr 2020 · Bengaluru & Sydney

- 6 years across Banking & Finance — 50% effort reduction via framework optimization; 5x internal awards

SKILLS

Apache Airflow · RAG · LangChain · Python · Kubernetes · GCP / AWS / Azure · dbt · Snowflake · Java · Selenium · SQL · CI/CD

CERTIFICATIONS

Apache Airflow & Astronomer

- AI Orchestration with Apache Airflow — Astronomer (2026)
- Astronomer Champions Program — Astronomer (Jan 2026)
- DAG Authoring — Airflow 3 — Astronomer (Jun 2025)
- Airflow 3 Fundamentals — Astronomer (Jun 2025)
- DAG Authoring — Airflow 2 — Astronomer (May 2025)
- Airflow 2 Fundamentals — Astronomer (Mar 2025)

Cloud & AI

- AWS Certified Cloud Practitioner — Amazon Web Services (Jun 2025)
- Generative AI Fundamentals — Databricks (Mar 2025)
- AI Fundamentals — DataCamp (2025)
- AI Engineer for Developers Associate — DataCamp (Jul 2026)

Data Engineering & Python

- Data Engineer Associate — DataCamp (Apr 2026)
- Python Data Associate — DataCamp (May 2026)
- Python for Data Science — DataCamp

Testing & Quality

- Java Certified — HackerRank
- Certified Selenium Professional — Vskills

KEY PROJECTS

Resume Analyser RAG (*RAG · LangChain*)

- LangChain + FAISS RAG pipeline that answers natural language questions about uploaded resumes. Supports multi-document retrieval and prompt chaining for nuanced comparisons.
- Stack: LangChain · FAISS · OpenAI · Python

OpenAI Sample Chatbot (*Gen AI · OpenAI*)

- Chatbot with advanced prompt engineering and OpenAI API integration patterns. Demonstrates system message design, context management, and streaming responses.
- Stack: OpenAI API · Python · Prompt Engineering

Article Insights NLP Pipeline (*NLP · Airflow 3*)

- Production-grade Airflow 3 NLP pipeline — keyword extraction, summarization, sentiment analysis, named entity recognition, and readability scoring across article corpora.
- Stack: Airflow 3 · NLTK · TextBlob · Python

Stock Sentiment Analyzer (*MLOps · Streamlit*)

- Live stock + news sentiment dashboard with real-time price feeds, sentiment scoring, and trend visualization. Fully Dockerized with GitHub Actions CI/CD for automated deployments.
- Stack: Streamlit · TextBlob · yFinance · Docker · GH Actions

Apache Airflow Core Contributions (*OSS · Apache Airflow*)

- 7 merged PRs to the Apache Airflow core repository — code quality improvements, bug fixes, documentation enhancements, and provider package contributions for Airflow 3.
- Stack: Python · Apache Airflow · GitHub

ACHIEVEMENTS & RECOGNITION

- **Airflow Champion**, Astronomer — Jan 2026: Recognized by Astronomer as an Apache Airflow Champion — top-tier community contributor for OSS contributions and community education.
- **On-the-Spot Award**, Astronomer — 2024: On-the-spot recognition award at Astronomer.
- **Top 5 Champions of Q2**, Astronomer — 2026: Recognised as one of the top 5 Champions of Q2 at Astronomer.
- **Top 5 Champions of Q3**, Astronomer — 2026: Recognised as one of the top 5 Champions of Q3 at Astronomer and champion of the quarter.
- **Top Champions of Q3**, Astronomer — 2026: Recognised as Top Champion of the quarter.
- **TCS Star Award**, Tata Consultancy Services — 2018: TCS Star Award for outstanding performance and contribution.

EDUCATION

WES-evaluated Canadian credentials
